**Open Classroom:** Students may choose from self-directed projects at any area in the classroom or student or teacher led options. Options may include: painting, drawing, reading, building or table games.

**Moving Mornings:** All students will choose from a number of moving options like Aerobics/Line Dancing, Musical Jump Ropes & Hula Hoops, Skill Building with Jackson or dance party.

**Clubs:** This gives children an opportunity to explore small group activities.

Activities could include, but are not limited to, card games, gardening, board games, community outreach/service, etc.

**Projects:** Project choices are listed on the "Weeks of Summer" calendars. Activities are opportunities for learning scaled to be age-appropriate, include elements of SPS academic standards and are flexible enough for individual creativity and expression.

**Jackson's Games:** Games are listed for each day on his separate schedule. There will also be a time slot at the end of the day for a game students choose themselves. They will use various approaches designed to build skills and expand understanding of rule concepts and applications.

Curriculum can vary with sprinklers, slip-n-slides or water balloons, etc. Check "Jackson's Schedule" for more information.

**Raccoon Reading/Badger Independent Reading:** This is our time to focus on literacy. Students may choose from personal reading, buddy reading, listening to a teacher read or personal journals.

**Learning Games:** Students won't know they're combating summer learning loss while playing engaging and fun games that also have a math skill and/or other learning component.

**Rest & Recharge:** This is a time for kids to calm their minds and bodies. Summer days are long and it's a good chance for everyone to recharge and finish out the day.

**For safety concerns, late arrivals may NOT join fieldtrips.** Walking Fieldtrips are possible on any given day and are not marked on the schedule. These groups stay in contact and are relatively close to our home site.
